INDEX: VOLUME XIII

January-December, 1924.

Abbreviations: (Ed.), Editorials; (N.), News Items.

Accident Insurance for Pupils and Teachers, (N.), 246
Adapting the Shop to Shop Activities, (N.), 478
Aid to Teaching Architectural Drawing, An, (N.), 321
Another Task for Industrial Education, (Ed.), 384
Annual Dinner of the School Crafts Club, (N.), 247
Applied Art, (Ed.), 464
Application of Standard Tests and Measurements in the Manual Arts, A. G. Bauersfeld, 14
ARCHBOLD, MAURICE J.—Building a Two-Minute Camping Trailer, 272
ASP, CLAUS S.—Practical Results of a Year in Amateur Radio Experimentation, 426
Auto Mechanics in the High School: Can We Justify It? Lewis H. Wood, 275; How Can We Start It? Lewis H. Wood, 313; Who and What to Teach, Lewis H. Wood, 356; Auto Mechanics in the High School Development at Sioux City, Lewis H. Wood, 421
Bad Lettering, (Ed.), 147
Bassinet, Mrs. D. B. Fox and Mrs. F. A. Bennett, 27
BAUERSFELD, A. G.—Application of Standard Tests and Measurements in the Manual Arts, 14; The Camp Car and the Open Road Used as a Means of Avocational Education, 230
BAXTER, LEON H.—Cement and the Boys, 193
Beauty in the Commonplace, (Ed.), 184
BENNETT, Mrs. F. A.—Bassinett, 27
Better Way to Turn Built-Up Projects, A, M. Hahn, 150
Birdhouse Contest and Display at the Penn High School, Greenville, Pa., L. W. Kunkle, (N.), 320
Book Binding Course in the Cass Technical High School, Detroit, Mich., (N.), 320
Books and the Reading Habit, (Ed.), 425
Boston Vocational Society Meets, (N.), 40, 82
BOWMAN, CLYDE A.—Graphic Aids in the Analysis of Carpentry for Teaching, 403; The Lesson Plan, Job Sheets, and Graphic Aids, 125
BRIGGS, HOWARD L.—Some Definite Objectives in Manual Arts, 173
Bringing Art to School Children, John L. Porter, 207
Britannia Metal, William H. Varnum, 5, 56, 141, 178, 411
Building and Using a Hydraulic Dynamometer, Ray F. Kuns, 68
Building a Two-Minute Camping Trailer, Maurice J. Archbold, 272
BURLING, B. B.—Making Room for More Students in the Electrical Department, 456
BURNESS, PHILIP E.—Stage-Craft—An Extra Classroom Activity, 152
BURNHAM, CHARLES P.—A Six-Wheel Bungalow, 310
Businessman's View of a School System, (Ed.), 67
BUTLER, FLOYD D.—Vocational and Educational Guidance in the Junior High School Industrial Arts, 224
Buying Tools, (Ed.), 309
CAHALL, ROY E.—Overhauling a Ford Generator, 386
Camp Car and the Open Road Used as a Means for Avocational Education, The, Albert G. Bauersfeld, 230
Camp Cars—Wanderlust—And Some Other Things, Ray F. Kuns, 186
Care and Education of the Veterans, The, (Ed.), 66
CARROLL, CHARLES—Hitching Vocational Education to Industry, 292
Cement and the Boys, Leon H. Baxter, 193
Certification Program for Recognizing Expert Craftsmanship, (N.), 314
CHALLMAN, SAMUEL A.—Rooms and Equipment for Industrial Arts, 249, 295
Cizek Exhibition at the Metropolitan Museum, 112
CLARK, C. ARTHUR—The Minimum Equipment for an Auto-Mechanics Shop in High Schools, 196
Classification of the Various Aspects of Practical Education, A, Frank Arthur Payne, 167
Clothes Hamper, Frank W. Dejmek, 346
COATES, CHARLES P.—Manual Arts Monkey Puzzlers, 391; The Pioneer Manual Labor Schools, 323; Significant Historical Attempts to Introduce Manual Training into American Schools (1682-1862), 458
COGGIN, WILLIAM L.—A Table Which Grew Up With the Children, 358
Conference on Affiliation of Vocational Education Associations, (N.), 247
Conference on Training of Manual Arts Teachers, A. B. Mays, (N.), 36
Confession, A, (Ed.), 308
Commercial Man in the Field of Industrial Education, The, (Ed.), 349
Connecting the Work of the Shop with the Work of the Classroom, Percy E. Rowell, 70
Construction of Mah Jongg Sets, E. M. Winterbourne, 106
Construction of the Step-Down Transformer, E. W. Jones, 303, 341
Continuation School at Folwell Mills, (N.), 163
Cooperative Printing in the School, Blanche G. Williams, 453
Correlation of Mechanical Drafting and Machine-Shop Work, John F. Faber and Edwin Youngbluth, 418
CONSTANTINE, J. H.—Flexible Anchorage System for School Shops, 442
Constructing a Cut Off Saw, Lloyd F. Hyatt and Harry D. Palmer, 427
Counting the Hours and Making Them Count, (Ed.), 464
Course in Architectural Design in the Miami High School, The, Robert F. Smith, 367
Criticism, Cooperation and Advancement, (Ed.), 184
Cultivating Standards of Taste, Charles A. King, 393
Current Shift of Costs from Factory to School, The, (Ed.), 105
Daily Preparation for Shop Teachers, (Ed.), 424
Dalton Plan in the Manhattan Trade School for Girls, The, Carolyn Stern, 220
Decorative Easter Cards, D. Elizabeth Roberts, 149
Definite Objectives, (Ed.), 22
DE GARMO, CHARLES—A New Emphasis in Art Teaching, 332
DEIMER, R. R.—Production of a High School Annual, 11
DEJMEK, FRANK W.—Clothes Hamper, 346
Determining Factors in the Evolution of the Industrial Arts in America, Arthur B. Mays, 43, 85
Development of the Hammer, The, Herbert D. Harper, 389
DEXTER, H. M.—Sheet and Art Metal as it is Done at Grand Rapids, Mich., 243
Duties of the Printing Instructor, C. W. Hague, 212
Dynamic Symmetry in Design, R. Kimball, 222, 423
Economy and the Industrial Arts, (Ed.), 308
Edgerton to Wisconsin, (N.), 401
Elementary Manual Arts Lesson Plans, Arthur Gardner, (N.), 360
Endowing Higher Institutions of Learning and Neglecting the Lower, (Ed.), 22
English in the Printing Trades School, John F. Locke, 336
Establishment of a Class in Textiles, The, H. H. Todd, 344
Every Building Trades Apprentice in Evening School before January First, (N.), 479
Experiment in Method for Woodwork, A. Adele Rudolph, 99
FABER, JOHN F.—Correlation of Mechanical Drafting and Machine-Shop Work, 418. Machine Design for Third-Year High School Students, 460; Mechanical Drafting for Second-Year High School classes, 47; Standardizing the Rating of Mechanical Drawings, 390
False Pretense, (Ed.), 104
Farm Shop at Lebanon, (N.), 162
Federal Board Calls Conference on Building Trades Apprenticeship, (N.), 37
Flexible Anchorage System for School Shops, J. R. Constantine, 442
FOX, MRS. D. B.—Bassinet, 27
FRYKLUND, VERNE C.—High Points in Fireplace Construction, 429
Garage as a Project for the School Shop, Wadsor, M. Scoville, 107
Gear Design in the High School, V. L. Sherman, 94
Good Agent, The, (Ed.), 425
Graphic Aids in the Analysis of Carpentry for Teaching, Clyde A. Bowman, 403
Greatest Service to Art, (Ed.), 465
HAAS, LOUIS J.—Tennis Racket Stringing, 61
HACKETT, J.—The Job Sheet, 302
